

## Kotel Mezuzah Case

 20 Minutes

### Instructions:

1. Paint your wooden Mezuzah case brown, or another color of your choice.
2. Once it's dry, arrange the wooden "stones" on your Mezuzah case. Alternate the direction of each row of stones. When you're happy with their placement, glue the stones into position.

3. Glue the silhouette of the praying person on the bottom of your Mezuzah, and add some "moss" between some stones for a realistic Kotel look!
4. With your parents help, insert a real Mezuzah scroll into the case, and follow the instructions in the Mezuzah placement guide to properly affix it to your door frame!

### Think About It

Having a Mezuza on all our doorways

is a special Mitzvah in the Torah. It reminds us to act as proud Jews both inside and outside of our homes! Inside the Mezuza is a special scroll that contains the words of the Shema prayer. While anyone can decorate the case that holds the Mezuza, only a certified scribe can write a real Mezuza. Contact your local Chabad to find out how you can get a Mezuza scroll of your own!

### OVERVIEW

Make your own Mezuzah case with the style of the Kotel! When you're done, put a real Mezuzah scroll inside and place it on your doorway.

### SUPPLIES NEEDED

#### Kotel Mezuza craft kit includes:

- Mezuzah case
- Wooden "stones"
- "Green Moss"
- Wooden person praying

- Glue
- Paint
